

## Admitting and Attending Provider

For inpatients the **attending provider** field in the treatment team activity defines the Attending of Record. In most cases on admission, the admitting and attending provider will be the same.

Field	Meaning
<b>Admitting Attending Admitting Provider</b>	The attending who admitted the patient to an inpatient service. This does not change during the admission.
<b>Attending Provider Attending Physician</b>	<p>The “Attending of Record” is the attending physician responsible for the patient.</p> <p>NYP Attending of Record Policy: <a href="#">Policy 233</a></p> <p>Be sure to change this field when transferring patients to another service, admitting patients, or when the service attending changes.
