

November Epic Message for Managers at NYP-Lawrence Hospital

The EpicTogether team thanks you for your hard work and support! If you have any questions about the information below, please email EpicTogetherUpdate@nyp.org. The EpicTogether team is distributing important information for management to discuss with their staff. **Please review relevant information with your staff members.**

What is Happening?

Staff and Role Validation: As we begin to prepare the Go-Live on June 4, 2021, the EpicTogether Training Team is working through a large scale exercise called “Staff and Role Validation.” The purpose of this exercise is to gather lists of all current staff with accurate CWID, role, facility, department and Epic training needs.

Taking the time to complete this staff and role validation now is a necessary preparatory step to ensure that all staff receive appropriate, high quality Epic Training.

The Epic Training Team will set up meetings with identified management staff to review and validate their staff members.

All populated spreadsheets are due back to the training team no later than **Friday, November 20**, to EpicTogetherNYTraining@nyp.org
