We're making an Epic Move!

Columbia University Irving Medical Center, NewYork-Presbyterian, and Weill Cornell Medicine are all now using the Epic electronic health record.

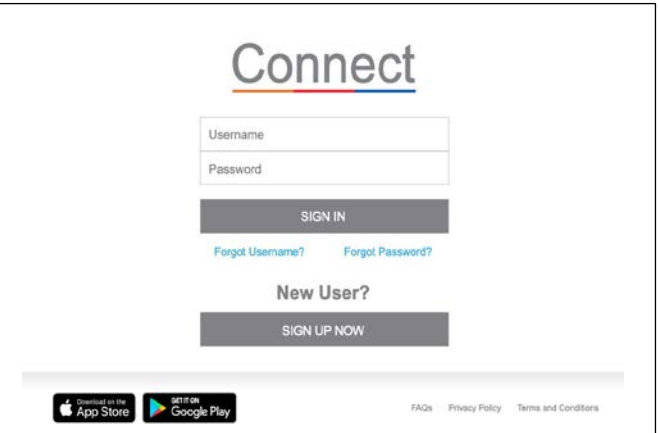

Epic will give your providers the information they need to continue delivering world-class care to you, including notes from providers involved in your care at any of our locations.

We believe this change will result in better care, communication, and outcomes for you, and we appreciate your understanding as we implement the new system.
